Virtual Operational Audit

*Up to 15% premium credit for Swiss Re policyholders**

Get Started Today!

1. Click here to start the conversation.
2. A Virtual Agency Solutions team member will provide a process map and fee agreement for the agency to review.
3. Once the fee agreement is signed, an onboarding call will be scheduled with the agency to introduce and begin the audit process once the service agreement is signed.

> Audits can seem daunting, but the agency operational improvement review made a good use of our employee's time. The employee feedback was taken seriously and we were provided with tools and resources to make enhancements to our operational procedures. Investing the time and resources into this quick process should be an easy decision for any agency.

Reduce Exposure to E&O Claims

Improve Customer Service

Increase Agency Efficiency

Your agency can receive up to 15% premium credit annually for up to 5 years.*

*An agency that voluntarily completes an Operational Improvement Audit can earn a 10% premium credit for five years. Every audit includes a Website Review. If the agency also qualifies for the risk management class credit and completes the website review requirements, it can earn an additional 5% premium credit for five years, bringing the combined audit and website review credit to 15%.
